

E2 Series	
Standard Widths	30, 36, 42, 48, 54 and 60 or custom
Standard Heights	24, 30, 36, 42, 48 or custom – Order height needed – do not cut down in field
Removable Top option (RT)	-N/C option which is available - 30" Wide hood - It will fit ISL, IPL, mesh or baffle (with increased height) -requires ¾" of distance from top of hood to ceiling in order to lift hood over guide clip *On RT hoods there are important structural components which cannot be compromised. Any cutting or moving of any structural component will immediately void all warranties and may compromise the structural integrity of the hood.
Standard Assumptions	Grain will be vertical on upper section. Grain to be horizontal on base - HW base will be 6" - DP2, RS and RSS Base will be 10" tall. Grain on base will be horizontal - RSS base panels are horizontal grain -Top depth is 11.875" at 26" above the base. It increases in depth following the curve lower. Field trimming is not recommended – order height which is needed
Depth of hood	22.25"
Distance moldings protrude past sides	Depth of hood with Molding, Classic, Basic or Simple 23-3/8"
Ventilator	Stainless Moderneaire Mesh, Baffle or Imperial liner
Baffle liner Adjustment / 30" Imperial	All 30" wide hoods will need baffle liner adjustment if getting Imperial liner BASE HW or PL base height 8.75" RSS – no change RA, DP2 Base height– 11"
Available Moldings	Hardwood (none) PL, DP2, RSS – basic is standard other can be used
Available options	- Curved battens - RT- Removable top - Stainless Steel baffle base
Available customization	Depth of top can be changed but will change depth of hood since radius cannot be modified. Customization is recommended if using aftermarket vent

Hardwood Batten is available on all E2 hoods. Please note the banding is cut from a solid piece of wood so there is both long grain and end grain which will stain differently, care must be taken during the staining process to attain an even color. Failure to attain an even color is not considered a defect.

E2HW shown.

30-48" Hoods get 4 Battens

54-60" Hoods get 5 Battens

Must Specify height, should not be cut down in the field Call for custom widths / heights
